

## STATE ACCIDENT REPORTING

In addition to recording the DOT recordable crashes, many states have requirements for reporting a crash. The threshold for reporting is different from FMCSA requirements in many instances. To insure that you are in compliance with all accident requirements, we are providing the name of the agency where crashes must be reported. **To insure you are in compliance following a crash, we recommend you contact the appropriate agency to determine if an accident report is required in that jurisdiction.**

State Accident Reporting Agencies  
April 5, 2012

| State                | State Agency   | Telephone Number             |
|----------------------|--|------------------------------|
