

Chairman's Safe Driver Club

Sponsored by:

**The Missouri Trucking Association
&
The Missouri Council of Safety Supervisors**

Participation Rules

A nominee for membership in the Chairman's Safe Driver Club (CSDC) must be a driver working for a Missouri Trucking Association member company. The driver must be:

- a resident of the State of Missouri; or
- based at a terminal in Missouri; or
- regularly travel between a Missouri terminal and the terminal where the driver is based

How may the driver qualify for membership in CSDC?

1. The driver must have 36 continuous months of service with the same employer as of January 1, 2018 to qualify for the *first* year of membership in CSDC. In addition, the driver must have:
 - A. No accident, whether on or off duty,
The only accidents which need **not** be counted against the driver's record are when:
 - 1) The driver's vehicle was legally and properly parked.
 - 2) The driver's vehicle was stopped in traffic in compliance with a traffic sign or signal or under the direction of a police officer.
 - B. A clean Motor Vehicle Record indicating no traffic citations, whether on or off duty.
2. Driver must be nominated for CSDC membership by a company official. Nomination forms will be supplied through the MoTA office and upon return must be accompanied by the driver's current MVR.
3. **After initial membership has been earned**, the driver may accrue additional credits for each consecutive year of safe driving under compliance with these rules. Special 5, 10, 15, and 20-year awards will be presented.
4. If the member should have an accident or a citation within a reporting 12-month period, he/she will lose that particular year toward accrued continuous years of membership. The driver will not lose the years accrued prior to that reporting period. Three citations or three accidents in one reporting year will result in disqualification from membership.
5. After earning membership in CSDC, if the driver should have two consecutive years of failing to meet the requirements for continuation of membership, he/she would be disqualified from the club and have to go through the original three-year probation period to regain admittance.

Chairman's Safe Driver Club members will receive a certificate from the Missouri Trucking Association recognizing their participation in the club.
